Throughout the year, Year 6 have been developing a deeper understanding of First Nations perspectives. This term Year 6 are exploring the Seven Sisters Dreaming within the context of our English unit about Narrative writing. We have been developing an understanding of the use of narrative within our First Nations culture as a way of sharing stories and traditions. To help enrich and extend this experience, Jarara will be presenting a workshop that will provide students with a deeper knowledge and appreciation of First Nations cultural practices.
